**SPECIAL EVENT FACILITIES**

AT&T Park is conveniently located on San Francisco's waterfront along the shores of McCovey Cove at the corner of King and Third streets, a short walk from downtown. It's been called the most beautiful ballpark on earth and, once you take in its sweeping views and luxurious ambiance, we're sure you'll agree.

**Field:** Imagine stepping into the batter's box where the pros work their magic. At AT&T Park you can do just that while hosting a fantasy batting practice or company baseball game. The field is also ideal for large-scale events, productions, concerts and festivals.

**Field Club Lounge:** This sophisticated lounge is elegantly appointed with cherry wood paneling and dramatic murals. Open seating configurations make the Field Club Lounge thoroughly versatile for functions ranging from sit-down meals to casual cocktail parties.

**Clubhouses:** Get a once-in-a-lifetime look behind the scenes, where the best players in the world prepare for Major League Baseball games. The Giants' and visitors' clubhouses can be configured to hold events and meetings.

**Scoreboard Plaza:** Located behind the centerfield scoreboard with panoramic views, this area is perfect for outdoor parties and events.

**Club Level:** This open lounge area is ideal for a formal sit-down meal or casual reception. With plenty of room to set up display booths or to simply chill out and relax, this extra-wide concourse on the Club Level offers tremendous flexibility for everything from trade-shows to mixers.

**Press Box:** Located directly behind home in the lower level the Press Box is the ideal location for receptions and mixers. Decorative linens and lights transform the writers' desks into elegant cocktail tables, and all the windows can be raised to allow your guests to experience the entire ballpark.

We offer a host of services to help make your occasion an all-star affair. Our event management team is available to provide furniture and equipment rental, catering services, event planning, photography, audiovisual systems and much more. Please let us know your needs, and our dedicated, professional staff will be happy to make your event a smash hit.

**GREEN FEATURES**

AT&T Park is one of the most environmentally friendly event venues in the country. In addition to being an industry leader in the use of recyclable and compostable products, it was also the site of the largest solar installation on a sports venue.
